A values-based educational approach

A meaningful

life path

Who We Are

Santa Elena is a bilingual educational institution with over 140 years of experience, committed to the holistic development of children and young people.

Since its foundation in 1885, Santa Elena has supported generations of families through a values-based education while continuously evolving to meet the educational and social needs of each new generation.

Managed by lay professionals and inspired by Christian values, Santa Elena encourages critical thinking, respect for diversity and multiculturalism, helping every student build a meaningful path for life.

Our Core Values

- * Freedom
- * Responsibility
- * Solidarity

140 years
of guiding
life's journey

Our Educational Approach

A comprehensive bilingual educational program that accompanies students from Early Childhood through age 18.

Educational Levels

Early Childhood Education, Primary School, Lower Secondary School, Upper Secondary School.

Bilingual Education

English instruction begins in Early Childhood and continues through graduation with a personalized and progressive approach.

Beginning in Primary School, students participate in CLIL (Content and Language Integrated Learning) lessons, where subjects such as Science and Culture are taught in English, creating a natural language immersion environment while strengthening communication skills.

Students may also choose to study Portuguese from Secondary School onwards at no additional cost, with the opportunity to sit for official examinations at the Uruguay-Brazil Cultural Institute (ICUB).

Well-rounded education & sports

Well-rounded education is one of Santa Elena's core pillars.

Alongside academic excellence, the school promotes students' personal, social, artistic and physical development within a caring and supportive community.

Physical Education and Sports play an active role in school life, encouraging healthy habits, teamwork, commitment and personal growth.

Sports Academies

Hockey . Football (Soccer). Volleyball . Handball . Artistic Gymnastics .
Aquatic Education

Sports Academies are optional extracurricular activities that allow students to further develop their skills while participating in sports events and competitions.

Infraestructura y servicios

Santa Elena offers spaces designed to foster learning, creativity and everyday student life.

Facilities

Spacious, air-conditioned classrooms . Integrated classroom technology . Desktop and mobile computers . Library . Auditorium . Collaborative learning spaces . Large student and staff dining hall.

High School Bus

An exclusive transportation service for Secondary School students, designed to provide convenience, organization and safety for families.

Located in the rapidly growing community of Ciudad de la Costa, Santa Elena offers families a welcoming environment, a strong sense of community and a comprehensive educational experience.

Community & Values

For more than 140 years, Santa Elena has welcomed families seeking academic excellence, a supportive community and an environment where children can grow with confidence and purpose.

Today, as Ciudad de la Costa continues to expand, the school remains committed to values-based education, promoting critical thinking, diversity and meaningful human connections.

More than a school, Santa Elena is a community that supports children, young people and their families at every stage of life.

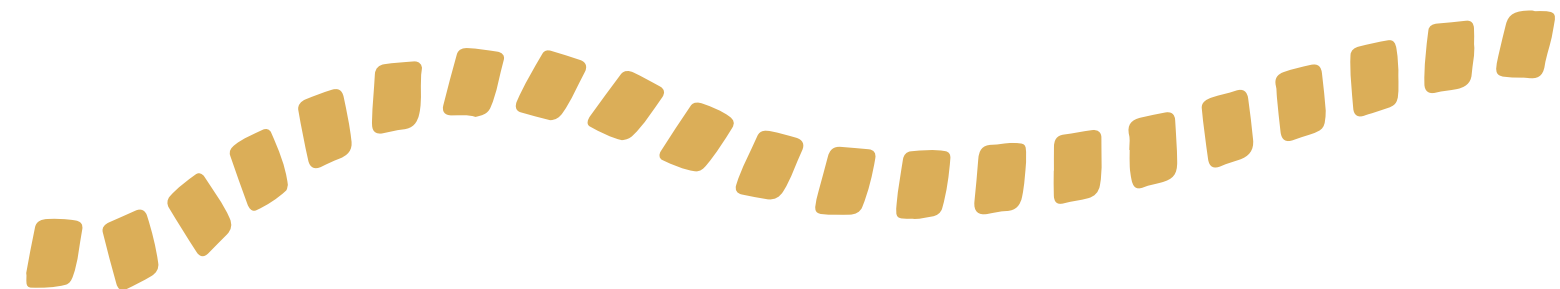

WELCOME Program for New Families

More and more families are choosing Ciudad de la Costa for its quality of life, natural surroundings, sense of community and convenient location.

Santa Elena supports this growth by offering a comprehensive educational experience within a warm and dynamic environment.

Families referred through our partner companies and organizations have access to exclusive admission benefits and personalized support throughout their integration into the Santa Elena community.
